MINUTES OF MEETINGS
OF THE
Board of Commissioners

AUGUST, 1920

NEWARK, N. J.

August 5, 1920.

A regular meeting of the Board of Commissioners of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 o'clock a. m.

Present:—Commissioners Archibald, Brennan, Monahan, Raymond Mayor Gillen.

The minutes of the meeting of July 29th, 1920, were read and approved.

Mr. Samuel J. Kaufman: I appear before this Board in behalf of the Workmen's Circle Cemetery Association of Newark. I present a petition praying for the return of taxes which were paid in 1917 on property at 292-294 Grove Street. These are cemetery lands used for and dedicated exclusively for the purpose of a cemetery. I would request that this petition be referred to the proper city official.

Commissioner Monahan moved that the petition be referred to the Director of Revenue and Finance.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Emil Fuhrmeister, of 142 Watson Avenue, appeared before the Board and requested that the expense for the improvement of the northwest corner of Peshine and Watson Avenues be paid by the city tax budget instead of assessing the individual owners of said properties.

Commissioner Raymond: I do not think you will have any assessment to speak of there at all; there may be none. I would suggest that you go to the Assessment Commission and I will lay this matter over for two weeks. I think they will tell you that there won't be any assessment on this improvement.

Commissioner Raymond moved that the matter be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Archibald: I have here a petition from the New Jersey Machinery Exchange for reduction in tax assessment levied. I have taken this matter up with the City Counsel and he informs me there is absolutely no reason why we should do it. I therefore report back that nothing can be done. I think that ends the matter and I certainly agree with the City Counsel.

The following communication was received and read:

City Counsel's Office,

Newark, N. J., Aug. 4, 1920.

Subject: Re petition of New Jersey Machinery Exchange for reduction in tax assessment levied.

Honorable Alexander Archibald,
Director of Revenue and Finance,
Addressed.

Dear Sir:

In compliance with your request, I have examined into the petition filed in the above matter, with the following result:

The assessment levied against this company for the year 1919 was \$50,000, which, at the rate for that year, \$3.40, amounted to \$1,700.

Upon the face of the petition filed with the Board, the Company states that it had on October 1, 1918, taxable property to the amount of \$120,372.20, and that it owed to creditors in the State of New Jersey debts amounting to \$25,868.24, leaving the net taxable property liable to assessment \$94,503.96.

I am at a loss to understand upon what basis the Company thinks it is entitled to an adjustment. Insofar as I am concerned, I cannot recommend any. If you agree with me, I would suggest that you report at the next meeting of the Board of Commissioners that you have investigated the matter set out in the petition and that there is no basis upon which any adjustment can be made and that the request contained in the petition be denied. I return you herewith the petition which you sent me.

Yours very truly,

Jerome T. Congleton,

City Counsel.

Commissioner Archibald moved that the communication and petition be filed and the petitioners notified that nothing can be done.

The roll being called, the motion was declared adopted by the following votes:

A. & O. REALTY CORPORATION,

59 Wall Street,

New York City, Aug. 2, 1920.

Commissioners of the City of Newark,
City Hall, Newark, N. J.

Gentlemen:

As owners of 684 Summer Avenue, a six-family apartment house, we beg to call your attention to the fact that the neighborhood in which this apartment is located is a residential one with the exception of a few grocery stores, butcher stores and the like, from whom the occupants of the surrounding apartment houses and private houses purchase their necessities.

There never has been any factory or manufacturing plant in the neighborhood. There are some private garages in the neighborhood and one large business garage, the latter being located at 690 Summer Avenue, Newark, N. J. Some months ago the garage was vacated and subsequently the Gilby Wire & Die Company took possession and still have possession. They are using the place as a wire manufac-

turing establishment and have installed a lot of shafts, pulleys, electrical motors for the purpose of driving their machinery. This plant is in operation 24 hours every day with the exception of Sunday. The noise which the plant creates is very annoying to the occupants of our apartment house and we have received numerous complaints about the same. Not only is it a nuisance, but it is also detrimental and injurious to the health of the occupants of our apartment, especially during the night, when a person is entitled to rest with quiet, peace and harmony. This wire plant was established in this neighborhood after the zone system went into effect, and we trust that you will see that this nuisance is abated.

Trusting to hear from you, we beg to remain

Very truly yours,

A. & O Realty Corporation,

By Aquila Venino, President.

Mayor Gillen: I think it would be well to have the clerk of the Board reply to it that this is a temporary permit granted and that the matter has been referred back to the Zoning Commission for further consideration.

Commissioner Archibald moved that the communication be referred to the Zoning Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

H. P. Brainard, Court Stenographer,
910 Ordway Building.

Newark, N. J., Aug. 3, 1920.

Board of Commissioners,
City of Newark,
Newark, N. J.

Gentlemen:

I am enclosing herewith another copy of my bills for transcripts of testimony furnished in the application of the Public Service Company before the Board of Public Utility Commissioners, which amounts in all to \$2,728.90. You will note that the first of this testimony was furnished July 22nd, 1919. I understand that the experts who were employed on this case, Doctor Wilcox and Mr. Wolf (whose bills were very much larger than mine) have been paid in full for their services.

I have written several letters about this to Hon. Charles P. Gillen, Mayor, and Mr. Jerome T. Congleton, Counsel, and have been assured that they would see that my bill was paid.

I trust that you will pass this at your next meeting and that I may get a check promptly.

Yours truly,

H. P. Brainard.

Ordered referred to the City Council and Director of Public Affairs.

Commissioner Raymond offered the following resolution:

RESOLVED, That Frederick W. Corwin be and he hereby is appointed a temporary inspector in the Department of Streets and Public Improvements, Bureau of Streets, at a compensation of \$1,500 per annum, effective as of August 1st, 1920.

Thomas L. Raymond,
Charles P. Gillen,
William J. Brennan,
A. Archibald,
John F. Monahan.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen offered the following resolution:

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby authorized to sell such equipment now belonging to the Municipal Milk Depots as is in his judgment no longer required.

Said improvements to be made as a local improvement and the cost thereof to be assessed against the property benefitted by said improvement in proportion to the benefits received.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The ordinance having been read once, Commissioner Raymond moved that it be ordered to a second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

The clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance having been read a second time, Commissioner Raymond moved that it be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Commissioner Raymond moved that the ordinance be taken up on third reading and final passage August 19th, 1920.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Myron W. Morse protested against the opening of Crittenden Street and expressed surprise that the city had gone so far as to purchase property for this improvement. He stated that Crittenden Street, under the proposed opening, will not bear the traffic.

Engineer Van Duyne stated this matter had been studied very carefully by the Engineering Department and it was decided to open Crittenden Street so as to relieve the traffic congestion on Belleville Avenue.

Commissioner Raymond: I wish to make a statement to the Commission. This morning I notified, through my department, the International Coal Products Company in Irvington that unless they abated the nuisance which they are maintaining there by Monday next I would discontinue the service of water by the city.

Commissioner Monahan moved that we concur in the action of the Director of Streets and Public Improvements.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mr. Anthony Corbo appeared before the Board and made the following statement: I read in the newspaper where the Public Service Gas Company raised their gas rate again to the taxpayers of Newark. This is working a hardship on the citizens of Newark in the face of the high cost of living, particularly the high rents. Why can't the City of Newark have a gas plant of their own? The people can hardly live today to support their families ;they are half naked—some of them are. I hope this big body of men will consider this matter seriously.

Commissioner Archibald moved that the matter be referred to the Law Department for an opinion as to whether or not the popular referendum for a lighting plant (gas and electric) has ever been nullified by any subsequent action of the Legislature.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen offered the following resolution:

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

WHEREAS, The contract for the paving of Wilson Avenue from London Street to the westerly side of Avenue L, on both sides of the street railway tracks, with the exception of one foot on each side of said tracks, with granite block pavement on an eight (8) inch concrete foundation, was awarded

on June 12th, 1919, to Alexander J. Milmoë, the amount of the award being \$27,043.50;

AND WHEREAS, Owing to the inability of the Public Service Railway Company to put their tracks on Wilson Avenue to grade, the paving contractor was unable to proceed with the work and complete the same within the time specified in the contract, having actually completed during the year 1919 about one-half of the amount of work contemplated in the contract;

AND WHEREAS, The quotations the contractor received from his material men only held good for the year 1919, since which time the prices of all paving materials, including sand, cement, broken stone, asphalt cement, and above all, common labor, have advanced abnormally beyond the original cost prices depended upon by the contractor in figuring his bid originally for the work;

AND WHEREAS, the contractor has agreed to accept as compensation for said increased cost of work remaining to be done since January 1st, 1920, an additional unit price of One Dollar and Seventy-five Cents (\$1.75) per square yard for the remaining yardage of pavement to be laid on Wilson Avenue, Ten Cents (10c) per square foot for the remaining area of cement sidewalk to be laid at street intersections, and Three Cents (3c) per square foot for the amount of flagging to be relaid on the work, said increase in prices to be in lieu of all other claims;

THEREFORE BE IT RESOLVED, That said increased prices, namely, One Dollar and Seventy-five Cents (\$1.75) per square yard for the remaining yardage of granite block

pavement to be laid (including excavation, concrete foundation, granite blocks and asphaltic filler) Ten Cents (10c) per square foot for the area of cement sidewalk to be laid and Three Cents (3c) per square foot for the quantity of flagging to be relaid under the contract with Alexander J. Milmoë for the paving of Wilson Avenue from London Street to Avenue L, be and the same are authorized to be made, it being understood that said contract is not modified in any other particular and said increased prices should take effect upon the filing of the assent of the surety to said modification of the contract, and the execution of an agreement on the part of the contractor accepting said increased prices as satisfaction for all claims.

City Commission of Newark,
City Hall, Newark, N. J.

Gentlemen:

I would like to get some information regarding the following:

Our house is located near the boundary line of Newark and East Orange, and by the side of our house is a driveway which is not large enough for a street, but there is some traffic going

through daily. This place is the continuation of Eleventh Avenue to Grove Street, and what I would like to know is if there is any way of stopping it, as it destroys the sidewalks and also the curbstone.

Hoping to hear from you soon, and oblige,

Yours truly,

Andrew Peterson.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Raymond, Mayor Gillen.

Mayor Gillen: The matter of this gas increase, gentlemen, I think we ought to discuss it for a moment. Ostensibly it has been increased from \$1.15 per thousand cubic feet to \$1.40 per thousand cubic feet, and at the same time the Public Utilities Commission has permitted the quality to be reduced. Under this decision the Public Service Gas Company is receiving probably the full amount that it asked—\$1.55—so that this rate of \$1.40 in big type is a mere matter of camouflage. From time to time when the Public Service made application for increases in rates various municipalities throughout the State engaged counsel and experts to appear before the Board of Public Utilities Commissioners to present our case and fight it out. Despite the fact that we have spent thousands and thousands of dollars the Public Service Gas Company seems to be able to get everything that it asks for. There never seems to be any objection to its terms at all by this Board of Public Utilities Commissioners.

In the last gubernatorial campaign the question was fought out as to why this Board of Public Utilities Commissioners should be continued in office because of its seemingly one-sided action in all of these matters, because it seemed to take the side of the Public Service at all times. It was finally decided that the present Board of Public Utilities Commissioners had reached the end of its usefulness and should be abolished, or at least that the present members should be removed. Up to date there has never been anything definite done as to the removal of these members. The Com-

missioners of Jersey City have filed an application with the Governor asking for the removal of the present members of the Board of Public Utilities Commissioners and have given a number of reasons why they should be removed. Gentlemen, I offer a resolution for the consideration of the Board and I think that the people of New Jersey generally should go into this matter in a serious way.

WHEREAS, The Board of Public Utilities Commissioners of the State of New Jersey, by its order of August 11th, 1920, has acceded to the petition and request of the Public Service Gas Company and has increased the rate of gas from \$1.15 per thousand cubic feet to \$1.40 per thousand cubic feet, and at the same time has permitted the quality to be reduced from 600 B. T. U. to 525 B. T. U., thereby giving to the Public Service Gas Company a rate equivalent to \$1.55 per thousand cubic feet; and

WHEREAS, Charges have been preferred against the present members of the Board of Public Utilities Commissioners which are now pending before the Governor and

WHEREAS, In the judgment of the Board of Commissioners of the City of Newark, the new rate allowed seems to be unreasonable and exorbitant and an unusually heavy burden on all gas consumers of this State; therefore be it

RESOLVED, That we, the members of the Board of Commissioners of the City of Newark, N. J., do hereby protest against the increase and urge the immediate consideration of the case

now before Governor Edward I. Edwards to the end that a decision may be reached with the greatest possible speed.

NEWARK, N. J.

August 19, 1920.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Council Chamber, City Hall, Newark, at 11 a. m.

Present:—Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Absent:—Commissioner Raymond.

The minutes of meeting of August 12th, 1920, were read and approved.

Mr. Myron W. Morse, 139 Third Avenue, Newark, appeared before the Board protesting against the proposed extension of Park Avenue to Crittenden Street and suggested that if Park Avenue was to be extended that the extension be made through to Gouverneur Street. Mr. Morse also presented the following petition:

Newark, N. J., Aug. 17, 1920.

To the Honorable
Board of Commissioners,
Newark, N. J.

Gentlemen:

We, the undersigned taxpayers in the City of Newark, County of Essex and State of New Jersey, do hereby wish to enter our protest against the proposed extension of Park Avenue, continuing it into Crittendon Street in this city, as we deem it a most unwise expenditure of money as well as an unwise extension of Park Avenue into the end of a small street.

We would suggest that if Park Avenue is to be extended that it be made to connect with Gouverneur Street so that traffic from Park Avenue may reach Broad Street, Mount Pleasant Avenue, Ogden Street, Passaic Street and other streets, thus aiding the traffic wishing to go north and south and also to reach adjoining cities and towns.

We believe this to be the sane and sensible thing to do with reference to the Park Avenue extension and respectfully request that your honorable body will give this petition most careful consideration.

Very respectfully submitted,
(Signed by Sixty-seven Taxpayers)

Newark, N. J., Aug. 17, 1920.

To the Honorable
Board of Commissioners,
Newark, N. J.

Gentlemen:

We, the undersigned taxpayers in the City of Newark, County of Essex and State of New Jersey, do hereby wish to enter our protest against the proposed extension of Park Avenue, continuing it into Crittendon Street in this city, as we deem it a most unwise expenditure of money as well as an unwise extension of Park Avenue into the end of a small street.

Very respectfully submitted,
(Signed by Sixty-seven Taxpayers)

Deputy Chief Engineer Van Duyne stated at the time the ordinance was introduced it was well advertised and discussed in the newspapers and that there was absolutely no objection by any one at that time and that about 200 notices were sent to owners of property that might be affected and be assessed and that practically no protest of any kind was made.

Commissioners Archibald and Monahan stated they would like to look the ground over before further action was taken.

Mr. Peter Cavicchia, Essex Building, Newark, appeared before the Board on behalf of Jerry Leonardis, who had recently acquired property at 301 Walnut Street for the purpose of establishing a fruit and vegetable store at this location, and stated that under the present zoning ordinance this could not be done, as this section of Walnut Street had been set aside for residential purposes and requested that the ordinance be changed to permit stores in this locality.

The following communication from Jerry Leonardis, together with petition signed by fifty-one residents of Walnut Street, was read:

August 4, 1920.

Honorable Board of Commissioners,
City of Newark, New Jersey.

Gentlemen:

The undersigned has recently acquired property at 301 Walnut Street, this city, for the purpose of putting a fruit and vegetable store therein. After the purchase he was notified that under the zoning system this store will not be allowed.

This property is a little over one hundred feet west of Adams Street. Attached to this letter you will find a list of names of property owners and residents of the immediate neighborhood, who, by their signatures signify their willingness to have a fruit and vegetable store in their neighborhood.

The petition of the undersigned, as well as of the signers, is that the zoning system may be so changed as to permit business in this particular neighborhood, otherwise it will mean a loss of money to a number of the property owners.

Walnut Street, west of Adams Street, is entirely different from that section which is east—the latter being opposite the park and is exclusively a residential district and should be so maintained—but the section west of Adams Street is made up of old homes and nothing can be gained by restricting it to a residential district, whereas it will be detrimental to the neighborhood if stores are excluded therefrom.

Trusting that your honorable body will take cognizance of the situation and remedy it, I remain,

Yours very truly,

Jerry Leonardis.

Commissioner Monahan moved that the matter be referred to the Zoning Commission with the recommendation that this request be granted.

LAW DEPARTMENT.

Newark, N. J., Aug. 18, 1920.

To the Board of Commissioners
of the City of Newark, Addressed.

Gentlemen:

The administrator of the estate of one who has died intestate, leaving no widow and no known kindred or relatives, is authorized by law to pay over to the city wherein the intestate resided the whole principal and interest of the estate of which he is administrator for the use of the poor of the city, such payment to be made on the order of the Orphans' Court of the county wherein the intestate resided at the time of death.

The statute provides that if no person or persons legally entitled to the personal estate of such intestate shall within seven years next after the decease of such intestate make application to the administrator for the principal, such persons shall be forever debarred from all right, title or claims to decedent's estate and the administrator shall immediately after the expiration of said seven years pay the whole of the principal and interest thereof to the treasurer of the township or city in which the intestate died, for the use of the poor of said township or city.

I have received from Owen A. Hanretty, administrator of the following named decedents, orders allowing his account as follows:

Estate of Joseph Schmidt,	
Deceased	\$ 428.81
Estate of Lydia McDermott,	
Deceased	2,837.44
Estate of Lemuel Fooks,	
Deceased	284.17
Total	\$3,550.42

I have prepared resolutions and releases in the respective cases and suggest that you adopt the resolutions at your next meeting.

Immediately on their adoption Mr. Hanretty informs me he will deposit the funds with the proper city official.

Respectfully,

Wm. J. Kearns,

City Attorney.

Commissioner Archibald offered the following resolutions:

WHEREAS, Owen A. Hanretty, administrator of the estate of Lydia McDermott, deceased, has transmitted to this Board the order of the Essex County Orphans' Court in said matter allowing his account therein, and is now ready to turn over to the City of Newark the balance of \$2,837.44, now in his hands as such administrator, for the use of the poor of the City of Newark in accordance with law;

RESOLVED, That the Director of the Department of Revenue and Finance be and he is authorized to receive from said Owen A. Hanretty, administrator as aforesaid, said sum of \$2,837.44 and the said Director and the City Clerk of the City of Newark are hereby authorized and directed to execute a release in the form annexed hereto releasing the said Owen A. SECOND DISTRICT COURT.

Newark, N. J., Aug. 16, 1920.

Hon. Wm. J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:

Due to the death of John H. O'Connor, Clerk of the Second District Court, a vacancy exists and I desire to designate J. E. Garrigan as Acting Clerk of said Court, effective immediately.

I want to, however, reserve Mr. Garrigan's status as Assistant Clerk so that he may not abandon any of his rights thereto by assuming the work of Acting Clerk.

Yours very truly,

Louis R. Freund, Judge.

LAW DEPARTMENT.

Newark, N. J., Aug. 16, 1920.

Subject: Opinion re referendum vote on Chapter 323, P. L. 1906, being entitled "An Act to Enable and Empower Cities to Construct, Maintain and Operate a Municipal Light, Heat and Power Plant or Plants and to Purchase All Necessary Real Estate and Works and Machinery for Supplying Light, Heat and Power for Public and Private Use in Such City."

The Board of Commissioners of
The City of Newark, Addressed.

Gentlemen:

You have referred to this Department the question whether or not the popular referendum on which a vote was taken by the people of the City of Newark at an election held November 5, 1907, has been nullified by any subsequent action of the Legislature.

I have examined the act of 1906, Section 8 of which provides that the act shall take effect immediately,

"but its provisions shall remain inoperative in any city of this State until assented to by a majority of those of the legal voters of such city who shall vote either for or against the adoption of its provisions.
* * *"

On July 12, 1907, a resolution was adopted by the Common Council of the City of Newark providing for submitting the provisions of this act to the qualified voters of the City of Newark at the election to be held on November 5, 1907, for their acceptance or rejection. An election was duly held and the question duly submitted to the voters, the returns of which election were spread at large upon the minutes of the Common Council meeting of December 6, 1907, showing a total number of votes on the poll lists of 48,003; total number of ballots rejected, 768; total number of votes for adoption of this referendum provision, 18,005; total number of votes for its rejection, 4,889; so that the affirmative of this question was carried by a majority vote of 13,116. Hence the act was rendered operative in the City of Newark, but it does not appear that any further action was taken by the Common Council or any other municipal agency toward putting into effect the provisions of this law. This act of July 5, 1906, was specifically repealed by Chapter 204 of the Laws of 1917, entitled:

“An Act to repeal sundry acts relative to cities.”

This repealer was approved March 29, 1917, but did not become effective until February 1, 1918. This repealing chapter (204) is an act complementary to the so-called Home Rule Act, which is known as

Chapter 152, P. L. 1917,

and repeals specifically a great number of acts relating to cities, among others, the act under consideration. There is, however, a provision in this repealing statute that

“Nothing in this act contained shall affect any action, suit or proceeding instituted, pending and undetermined or any matter undertaken by or on behalf of any municipality and which was commenced before this act shall take effect.”

Since no action or proceeding was ever undertaken by the municipal authorities following the election of November 5, 1907, I am of the opinion that this specific repealer became effective as to Newark's referendum action on February 1, 1918, when the repealer took effect. I do not think that the mere holding of the election and the spreading of the returns thereof upon the minutes of the Common Council can be considered as a matter of undertaken and commenced before the repealing act took effect, so as to have the statute in question from the effect of this specific repealer; but even if it might be argued that the submission to the voters was the undertaking of this matter and the commencement of it by or on behalf of the municipality before the repealing act took effect, and that, therefore, it was taken out of the operation of the repealer, yet the so-called Home Rule Act (Chapter 152, supra) certainly repeals this act of July 5, 1906, by implication, for the so-called Home Rule Act of 1917, in

Article XXXIII, Sections 1, 2 and 3, contains ample provisions for the acquirement or construction of municipal plants for generating gas, steam, electricity for lighting, heating or power and for the submission of the question to a popular referendum vote. Section 3 of said article provides:

“No municipality shall acquire or construct any light, heat or power plant or works until a majority of

the legal voters voting at an election (which election shall be advertised, held and conducted in accordance with the general laws of this State) shall vote so to do."

Then follow specific provisions for the proper submission of the question. In said Municipalities' Act (Chapter 152, supra), there is also a provision for the acquirement by municipalities of various other utilities, including a water supply, and in

Section 2 of Article XXXII (P. L. 1917, Chapter 152),

relating to water supply, the identical language of Section 3, Article XXXIII, supra, relating to light, heat and power plants, is employed, except that in the section relating to water supply the following further language is used:

"Provided, however, that this section shall not apply to municipalities which, at the time of the approval of this act shall be providing and supplying water for the public and private use of such municipality and its inhabitants, nor to municipalities in which a majority of the legal voters voting at any election shall have therefore voted so to do, nor to municipalities which shall have adopted any act authorizing such municipality to supply water for public and private uses."

This language just quoted, or any similar language, is absent from the referendum provision in Section 3, Article XXXIII, supra, of the light, heat and power plant provision, and its absence would indicate a legislative intent that Article XXXIII would be applicable even to such municipalities in which a majority of the legal voters

should have, theretofore, voted for a lighting plant and to municipalities which might have adopted an act authorizing them to acquire or construct a lighting plant for public and private uses.

The effect of the adoption by the legal voters in 1907 of the provisions of

Chapter 323, P. L. 1906,

merely put the act in operation, so that the municipality might move thereunder, through its proper officers, if it saw fit so to do, and had any action been thereafter taken up to February 1, 1918, or had a bond issue been authorized and bonds issued for the performance of any work thereunder, the act would remain in operation and not become entirely superseded or rendered void in toto by

Article XXXIII of Chapter 152, P. L. 1917.

I might further add that under the Home Rule Act, your Board may be petitioned by 20 per cent. of the legal voters of the municipality to adopt a resolution to submit the referendum under such act, or, in the language of the act,

"said governing body may pass such resolution, without any petition being presented to it."

Respectfully,

Wm. J. Kearns,

City Attorney.

Mayor Gillen: I think in that case the Law Department ought to be directed to prepare the necessary resolution to put it on the ballot in this coming election, not alone because of

the increased cost of gas and electricity, but also because of the inability of the Public Service to give the proper supply of electric current and gas when required. I know myself of several big factories that would have located here within the past year or so had they been able to procure power. They would have built their plants and located here, but went elsewhere when they found they were unable to get power from the Electric Company. It is only a question of time when this should become, it seems to me, a function of the City Government to supply manufacturers with sufficient power. Somebody said these factories could install their own plants, but they tell me it would take two or three years to put power plants in their factories. These factories have been compelled to go elsewhere and Newark has suffered serious losses because of the inability of the Public Service to supply this power, and I think if we initiate this movement now it will give the city power to proceed at some opportune time with the construction of a plant of this character.

Commissioner Brennan: Would it not be possible to construct a hydro-electric plant in the watershed?

Mayor Gillen: We had that up in the old Board of Works and it was found that the cost of installing such a plant and arranging the flow of water would be too expensive. They would have to divert a stream to bring it up over a mountain to obtain a sufficient fall. The engineers at that time also claimed there would be a considerable loss of power in transmission from there to here. The Board might direct that this feature be looked into.

Commissioner Archibald: I think we should go into the whole thing.

Commissioner Brennan moved that the Law Department be requested to prepare resolution for presentation at the next meeting of this Board for presentation to the people on referendum at the next election, the question of the construction of a power plant.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Commissioner Monahan moved that the Engineering Department be requested to investigate the possibility of the construction and installation of a hydro-electric power plant in the watershed, and that they be authorized to call in experts in that particular line.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Monahan, Mayor Gillen.

Department of Health
of the State of New Jersey.

Trenton.

August 20, 1920.

Mr. William J. Egan,
City Clerk,
Newark, N. J.

Dear Sir:

In further reply to your letter of July 15th, enclosing copy of resolutions adopted by the Board of Commissioners of the City of Newark relative to nuisances caused by the discharge of fumes from certain manufacturing located in Irvington, near Newark, we beg to state that your letter with resolutions was referred to the Attorney General with a request for an opinion concerning action which might be taken by the State Department of Health in these cases. We have just received an opinion from Attorney General McCran in response to our letter and we are sending a copy of the same to you enclosed herewith.

You will note that the Attorney General has advised us that in order to successfully prosecute persons responsible for said nuisances under the provisions of the health laws, it will be necessary to prove by satisfactory witnesses, such as competent physicians, that certain persons have been made ill by said nuisances and that the nuisances are without doubt hazardous to the public health. We have in times past requested opinions from former Attorney Generals concerning such cases and have uniformly been advised as above. We have also been further advised that the best way to secure abatement of nuisances of this character is for interested citizens or govern-

ing authorities to join together and seek to have the persons responsible for said nuisance restrained by the Court of Chancery, as in such an action it is not necessary to prove injury to health, but merely that an annoying nuisance and one which is damaging to property exists.

Very respectfully,

J. C. Price,
Director.

Commissioner Archibald moved that the communication be received and filed and that a copy of same be furnished to the Clinton Hill Public Welfare Association.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Archibald, Brennan, Raymond, Mayor Gillen.

August 25, 1920.

To the Honorable
Board of Commissioners
of the City of Newark, N. J.

Gentlemen:

With reference to the expenses incident to the handling of matters relative to Primary Election and General Election, it is my contention that the county should pay all bills covering same contracted for by the city, and with that thought in mind, I consulted with City Counsel Congleton some two months ago, and after looking into the matter he concurred in my belief that the expenses are properly chargeable to the County of Essex.

Bills covering the Presidential Primary amounting to \$11,454.65 were referred to the Board of Freeholders for payment. Additional items covering expenses incurred in connection with the coming Primary Election have also been referred to that body for payment. I have been advised that the Board of Freeholders have referred the matter to County Counsel Pilgrim, who has advised the Finance Committee of the Board of Freeholders that it is his opinion that the county should not pay these bills.

I have conferred with Acting Auditor Brady and he states he will not approve for payment pending expenditures in connection with the Primary Election for the reason that he concurs in the contention of the writer and the City Counsel that these expenses are properly chargeable to the county and should be paid by that body.

In view of the fact that I am charged with certain duties in connection with the handling of election machinery, which involve contracting for various expenditures, and in view of the fact that neither the city nor the county will authorize payment, I am submitting this matter to your honorable body for consideration, and recommend that an expeditious decision be obtained so that the work may be properly performed.

I have found it necessary to engage temporary help in connection with the coming election and am unable to have these bills paid.

I recommend that your honorable body authorize the City Counsel to institute proceedings against the Board of Freeholders so that we may be clothed with a legal decision which will

clearly indicate as to who is responsible for the payment of these expenses.

I also recommend that the meantime pending this action that the city honor for payment such expenses as are incurred, and if the courts decide that the county is responsible then it would, in my mind, be consistent for the city to bill the county and collect therefor.

May I most respectfully request that you take the necessary action immediately so that this matter may be consistently adjusted as soon as possible.

Very truly yours,

W. J. Egan,
City Clerk.

Commissioner Archibald: I took this matter up with Mr. Pilgrim and he said he had gone into the matter very carefully and he saw no way of doing other than the opinion he had already prepared. Mr. Brady and I have given the matter careful thought, and I think the law specifically says they should pay these bills. I think we should have a friendly suit to determine who is to pay this money.

City Counsel Congleton: Of course, we have got to provide funds for the City Clerk to carry out the machinery, but I certainly think we should make a test case of it. The point of contention is whether or not a Primary Election comes within the terms of the section where it speaks only of General and Special Elections. A Primary Election is part and parcel of a General Election and I think the matter should be referred to the Law Department with instructions to start a test suit against the county.

Commissioner Raymond moved that the matter be referred to the Law Department with instructions to start a test suit against the county and that the City Clerk be authorized to pay these bills contracted for by him until the subsequent responsibility of the payment of these bills shall be determined.

The roll being called, the motion was declared adopted by the following votes:

ATLANTIC DEEPER WATERWAYS
ASSOCIATION,

The Crozer Building,
Philadelphia.

August 27, 1920.

The Secretary of the
Board of City Commissioners,
Newark, N. J.

Dear Mr. Secretary:

There is enclosed herewith the official call for the Thirteenth Annual Convention of the Atlantic Deeper Waterways Association, to be held at Atlantic City, New Jersey, October 5th to 8th, inclusive.

Very important questions connected with our national transportation system are now calling for solution. An assemblage of those having knowledge of, or interest in, waterways and water traffic, whether as manufacturer, shipper, merchant, statesman or observer of public affairs will render very helpful service in arriving at needed conclusions and recommendations.

You are therefore invited and earnestly requested to appoint a delegation in such number as you may consider appropriate to attend the convention as representatives of your organization and it will be esteemed a favor if you duly notify association headquarters of such appointments, in order that literature concerning convention program, headquarters, accommodations, etc., may be forwarded.

It is not desired to place any limitation upon the number of delegates appointed. Your fullest co-operation in this respect will be welcomed. The constitution of the association provides that organizations have a voting strength of one delegate for each Five Dollars paid as annual dues.

Trusting that we may receive your early and favorable reply,

Very truly yours,

Wilfred H. Schoff,
Secretary-Treasurer.
